

# Marlyn Wright Enrichment Fund

Marlyn's warmth and dedication to making a difference for children was demonstrated through her years of fostering and her ability to make children in her home feel accepted and a part of her family. Through her determination, these young people were given chances and life changing opportunities they would have otherwise not experienced.

As a tribute to her life's contributions, Marlyn's family has established the Marlyn Wright Enrichment Fund. Funds are available to provide youth-in-need with that same opportunity to help build success in any area of their life.

By offering grants in the amount of \$500 each, youth-in-need have the opportunity to use the funds to pay for things that may not otherwise be funded. This may include items that support their interest and progress in education, arts, sports or life long activities.

In order to apply for the Marlyn Wright Enrichment Fund, the youth should complete the following and submit it to McMan Youth, Family and Community Services Association. All applications must be accompanied by a letter of reference from a professional or adult actively involved in the youth's life. Marlyn's family will review and grant all applications.

Marlyn Wright 1950 - 2011
