0. FOREWORD

The only proposal CIRILH received for the World Championships was from the French Federation. They proposed the Palais des Sports which is a good venue for all kinds of Sports. A temporary floor will be installed and that will be SportCourt. In view of the large number of countries wishing to participate CIRILH had planned to seek another organizing country willing to host the Female World Championships, keeping the Men's Championships in Toulouse.

It was too late to find a country willing to host these Female championships and the Toulouse Organizing Committee proposed a solution using "La Ramée" Gymnasium which is the Toulouse Hockey Club's home venue. It is located 15 km west of Palais des Sports. Despite the fact it is a small rink the French Federation agreed that it was adequate as French National Top Level Championships are played there. The floor is SportCourt.

The operational requirements of these two installations made it difficult to establish the games schedule and a lot of time has been expended to do this. CIRILH knows the difficulties which the organizers have encountered, in particular the transportation and the doubling up of volunteers caused when there are two separate venues.

CIRILH thanks the FFRS and the organizers to have accepted our requests to receive all the teams registered before the deadline.

CIRILH will send information about accreditation procedure before end of April as well as the schedules of World Championships.
