

# BOREDOM BUSTERS

Welcome to everything Harry Potter!  
Here are some creative ideas, and things you can be doing at home, relating to your favourite wizards!

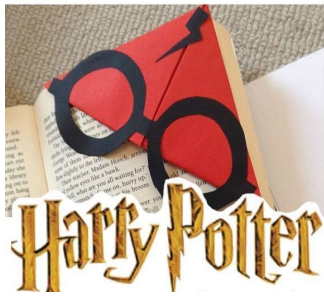

Have a look on <https://www.wizardingworld.com/> or <https://harrypotter.bloomsbury.com/uk/fun-stuff/>. They're great websites for Harry Potter fans, with lots of fun quizzes, games and craft ideas. You can even find out which Hogwarts House you belong to!

Make your own Harry Potter word search or crossword puzzle. You could use the different characters or objects from the books and decorate the borders with a wizard theme.

Why not try designing and making your own Harry Potter inspired boardgame. You can use empty cereal boxes or other recycling bits you have lying around the house.

## Feeling Creative?

If you're the sort of person who just loves anything creative then have a look on Pinterest for some easy Harry Potter crafts, like this easy HP bookmark, made from coloured paper!

## Easy Baking

On another Boredom Buster, there's a great shortbread recipe. So why not upgrade your shortbread with some easy Harry Potter icing designs like these from Deathly Hallows!

## How about experimenting and making your own fizzing potion?

1. Pour some water into a cup so it's half full and a splash of food colouring.
2. Add 2 teaspoons of baking powder.
3. When you're ready for the fizz, add a splash of vinegar!

**(Remember these potions are not for drinking!)**
