Seasons for Growth - Enrolments for Term 2

When a child is grieving it is natural to want to support them. Yet, we often feel very uncertain about how best to do so. Perhaps you feel uncomfortable about discussing loss and grief, worried whether your child's behaviour is normal, and unsure what you can do to help.

Seasons for Growth is an 8 week, school based, grief support program for children and young people aged 6-14 years. Seasons for Growth offers children a safe place to come together in small groups, and share their experiences. The program is led by trained facilitators and takes place during school time for approximately one hour per week.

Participants learn that they are not alone in their experience of change, loss and grief, and are able to build their communication, decision making and problem solving skills. Peer support is a key element of the program and confidentiality is strongly emphasised.

The program is free for participants.

School Holiday Programme - Nature Library and The Nest in Waihi Beach

These school holidays we are again offering something very special for your children - an opportunity to connect with and explore nature in a nurturing environment, all day.

Nature Library and The Nest provide exciting and engaging free play in nature where your children can explore, create and let their imaginations run wild.

In this setting your child will build confidence, self-esteem and a sense of wonder. Making friends and having fun while they are guided by experienced and qualified teachers.

We like to keep our groups small to enable us to connect with and support your child through their nature journey, so spaces are limited!

April School Holidays:

Wednesday's (15th and 22nd) and Thursday's (16th and 23rd)

Based at The Nest (Nature Space) in Waihi Beach - Yoga for kids included.

8.45am to 3:15pm

\$60 per child per day
