Our Values

Dear Students, Families and Friends of Waihi East School,

It is with great excitement and anticipation that I write introducing myself and my family to you before I assume the role of Principal at your amazing looking and feeling school.

I am looking forward to getting to know the students, staff and families at Waihi East and being very much involved in the children's learning journey. My passion and goal in education is in finding ways for each and every learner to succeed.

My journey in education had an unexpected beginning, after taking deferred entry into veterinary science I took a 'gap' year in America as a camp counsellor. This was an amazing experience. I was privileged in being part of and seeing children succeed, learn and grow. This made me relook at what I wanted not only for my life but what I wanted to get out of life.

So, here I am, a passionate, fun loving teacher, who enjoys getting up every morning knowing I am making a difference! I have taught pre-dominantly in the Waikato and Scotland. In my career I have taught at all levels and I am now rapidly approaching 10 years in senior management roles in primary schools. As you may already know, I am currently a Principal and teacher at a small rural school on the west coast. Prior to this I was a Deputy Principal in a U3 semi rural school on the southern outskirts of Hamilton. While the role of Principal at Waihi East does not have a class teaching component, I am certain I will find ways in which I can still be on the front lines of the students' learning journeys.

My wife Rebekah (Bekah) is a Speech and Language Therapist, and has worked in special schools and for the Ministry of Education. She has had the privilege of working with students and teachers at Waihi East prior to us moving west for my job. We have a 5 month old son, Tobias (Tobi) and a family dog, Bella. Tobi joining our family has been one of the main reasons for us looking to make a move from our current location and school. We are looking forward to making the move to Waihi and establishing and building a community around us for Tobi to grow up in.

We are hoping to make the move over in the first week of the holidays. If you happen to see us around prior to that or in the holidays, please feel free to introduce yourself! If not I look forward meeting and getting to know you next term!

Regards

Zac and the Taylor Whanau

Kia ora koutou,

Despite the weather, my family and I have felt very warmly welcomed into the Waihi East School Community. A huge thank you to all the people who had input into making our term 3 powhiri so special. The kapahaka group did a fantastic job leading and representing the school with pride and confidence. It was great to see many of our school whanau come down to meet and welcome us into the school. Thanks for making the time and effort.

Thank you to all the students who have taken the time to make themselves known to me in the playground or as I wander through the classrooms. I have not had so many polite handshakes, high fives and introductions in a long time! I have a tough job ahead of me learning all your names, but with your patience and help I will be able to greet you by name soon...fingers crossed.

Having only been here 3 days, it is clear to see that things at school are humming and buzzing with effective learning and teaching. Mrs Frew and Mrs Coll are doing an amazing job bringing me into the fold and showing me the ropes. It will take some time before I am fully up to speed, so thank you in advance for your patience and understanding as I learn all the ins and outs of what makes this amazing school tick!

I am looking forward to getting to know you all more, don't be shy in introducing yourself if you see me out and about or around the school... Although you may just have to introduce yourself more than once...

Have a great week!
Zac
