

Get to NetHui West Coast for free!

Students can access free tickets and accommodation to get to NetHui Roadtrip 2018 – the day-long event where Coasters will be talking all about the internet, how we use it, the opportunities it creates and challenges it presents.

NetHui is a national event that explores the future of internet technology and how Kiwis are making the most of it. On the 11th of October 2018, the event comes to the West Coast as part of a national roadtrip.

Tai Poutini Polytechnic has created the Access Scholarships to help students outside of Greymouth get to the event and take part in the discussion. TPP will cover tickets, accommodation for two nights and breakfast each morning.

Applications

Entrants must live further than 100 kilometres from Greymouth (e.g. Karamea, Fox, Franz Josef, Haast). Four scholarships will be offered, each including event tickets, two nights' accommodation and breakfast for the student and a parent/caregiver (parents must accompany minors).

To apply, just tell us why you want to attend NetHui West Coast – email your message, along with your full name, date of birth, contact phone number, home address and full name and contact details of your parent/caregiver to comms@tpp.ac.nz
