

## 1 **Glueck & Kanja recognized as winner for** 2 **2019 Microsoft Partner of the Year Award**

3 **Glueck & Kanja Consulting AG recognized as 2019 Microsoft Country**  
4 **Partner of the Year for Germany and 2019 Microsoft Global Modern**  
5 **Desktop Partner of the Year.**

6 **Offenbach, Germany — June 6, 2019** — Glueck & Kanja today proudly  
7 announced it has won the 2019 Microsoft Country Partner of the Year Award for  
8 Germany and the 2019 Microsoft Global Modern Desktop Award. The company  
9 was honored among a global field of top Microsoft partners for demonstrating  
10 excellence in innovation and implementation of customer solutions based on  
11 Microsoft technology.

12 Christian Kanja, CEO of Glueck & Kanja, is very pleased about the two awards  
13 from Redmond: "It was a bet on the future. Avoiding the complexity of hybrid  
14 infrastructures and consequently designing for cloud was the basic idea. Similar  
15 to Tesla we believed Microsoft had the right vision but there were concerns in  
16 the market and technical problems to solve. Focusing on 100% Cloud we were  
17 able to provide convincing answers and prove our success hundreds of  
18 thousands of times. With achieving the awards Microsoft has – again –  
19 acknowledged that we are on track with our efforts."

20 Awards were presented in several categories, with winners chosen from a set of  
21 more than 2,900 entrants from 115 countries worldwide. Glueck & Kanja was

22 recognized for providing outstanding solutions and services in Modern Desktop  
23 architecture, as well as representing excellent subsidiary engagement in  
24 Germany.

25 The Microsoft Country Partner of the Year Award honors partners at the country  
26 level that have demonstrated business excellence in delivering Microsoft  
27 solutions to multiple customers over the past year. This year the joint  
28 application of GAB, Glueck & Kanja and PHAT convinced. Over the past two  
29 years, the three Microsoft partners based in Munich, Offenbach and Hamburg  
30 have consistently implemented Microsoft cloud technologies in many projects  
31 with strong standardization and thereby developed a joint '100% Cloud'  
32 Blueprint that is unique in the market. The intensive experience exchange leads  
33 to a unique level of reliability in the introduction of Microsoft's cloud solutions.

34 Internationally, Glueck & Kanja was able to further expand its expertise in the  
35 field of Modern Desktop. The German company is among the absolute world  
36 leaders when it comes to deploying workplaces in the enterprise environment  
37 independently of traditional IT infrastructures. Now also known as 'Starbucks  
38 Deployment', Glueck & Kanja has made a significant contribution in recent years  
39 operating modern workplaces completely cloud based - including the necessary  
40 applications and state-of-the-art security.

41 But Glueck & Kanja also added several managed services on top of the cloud  
42 based architecture. With the release of the new Microsoft Intune package format  
43 in October 2018, the company made it possible to offer hundreds of ready-to-

44 deploy packages to a diverse customer audience that are interested in removing  
45 the barriers of an on-premise bound deployment, in favor of a 100% cloud  
46 managed Windows 10 experience. In addition, the package management  
47 (RealmJoin), data migration service (RealMigrator), certificate service (SCEP and  
48 RADIUS) and finally a Cloud Security Operations Center are provided as a service  
49 offer.

50 "We are honored to recognize Glueck & Kanja of Germany as a Microsoft  
51 Country and Microsoft Global Modern Desktop Partner of the Year," said  
52 Gavriella Schuster, Corporate Vice President, One Commercial Partner, Microsoft  
53 Corp. "Glueck & Kanja has distinguished itself as an exemplary partner,  
54 demonstrating remarkable expertise and innovation to help customers achieve  
55 more."

56 The Microsoft Partner of the Year Awards recognize Microsoft partners that have  
57 developed and delivered exceptional Microsoft-based solutions over the past  
58 year.
