ABOUT GYLA

The Global Youth and Leadership Academy (GYLA) was established in 2016 with Chinese top universities & UN Agencies. The youth-led platform provides young people with the opportunity to learn and exchange knowledge and experiences with global leaders. GYLA brings young people together to discuss the role of youth in addressing the challenges of the pandemic and commitment to the SDGs with global leaders.

In collaboration with M3TRIX Academy, UN agencies and leading universities, GYLA has developed the online program eGYLA for young people who aspire to be future leaders and social innovators. They will learn how to address the post-pandemic futures and contribute to the realization of the UN 2030 Agenda for Sustainable Development.

“We cannot always build the future for our youth, but we can build our youth for the future”

- Franklin D. Roosevelt, Former President of the United States
